## Learning from home activities

Dear parents/carers,

We are providing activities for your child to keep busy and keep learning at home. If your child is attending school, we do not expect them to complete these activities as they will have lessons with their teachers. For any children unable to come in to school, this learning from home page provides daily lessons and activities.

The following resources provide a range of opportunities for you and your child to be able to learn together or for your child to learn on their own.
